

2020 Adopt-A-Days

To those who have booked, or who are thinking of booking an Adopt-A-Day with Habitat Camrose this spring.

Due to the COVID-19 situation we have temporarily suspended all volunteer activities. The build will continue but until further notice we will be avoiding hosting groups and unnecessary visitors to the build site and ReStore.

We appreciate your continued support of our organization and the Adopt-A-Day program and your understanding of our actions at this time. The safety of Habitat staff and volunteers is our utmost priority.

We are continually monitoring the latest updates from the Government and Health Authorities so that we can go forward with the best safety plan in place for our staff and volunteers. You can read notices on Habitat Camrose's responses to COVID-19 on our [website here](#).

If you have any questions about the Adopt-A-Day program or what's going on with Habitat in general during this time, please let me know.
